(5:00 pm MT, 6:00 pm CT, 7:00 pm ET)

Please submit an email question (s) pertaining ONLY to **headaches and migraines** to be answered during the webinar. Send your question by **February 17th** to question@gloriagilbere.com

Only \$14.97 [Register](#)

Because this topic is so prevalent in our society, and reaching epidemic proportions, this webinar is designed to help you understand the causes, effects and non-drug solutions to...

- Chemical Cuisine: What's REALLY in Your Food?
- De-scents-itize for Headache Relief
- Tension headaches and, much much more
- Could a mineral deficiency be contributing to headaches?
- What does gluten have to do with headaches?

SPECIAL BONUS! A tool – previously available only to my clients – to assist you with your “detective work” in identifying health-depleting saboteurs. This class will fill quickly. Invest in Your Health.

Known as *The Health Detective*, Dr. Gloria is a doctor of natural health, homeopath, EcoErgonomist and Wholistic Rejuvenist and is renowned worldwide for her work in identifying and implementing natural and nutrition-based solutions to chemically-induced and inflammatory disorders, multiple chemical sensitivities, fibromyalgia, chronic fatigue, and digestive disorders that defy conventional diagnosis and treatment.

She is founder of the Institute for Wholistic Rejuvenation and consults worldwide via telephone, Skype, and at her office in Gig Harbor, WA.

She is an acclaimed talk show host, Dr. Gloria – Health Detective, author of 16 books, 8 courses and over 1,700 health articles. To consult with her visit her website at www.gloriagilbere.com or call 888.352.8175. Be sure to subscribe to her new *Health Detective Blog* available on the homepage of her website – access to Webinars, Podcasts, Articles, TeleSeminars, downloadable mp3s, online classes, eBooks, and much more.

She is creator of certificated courses to become a Wholistic Rejuvenist™ (CWR) and post-graduate education for health professionals. Her courses are accredited by international medical schools and teaching hospitals.
